SEVENTH ANNUAL

“Partnering for Compliance™” West

(NOTE: “CUSTOMS/IMPORTS BOOT CAMP” - 1-DAY PROGRAM on Tuesday, September 13th, 2016 Agenda details on page five (5) below & separate payment structure on page six (6) below.)

with the participation of the

U.S. Departments of State, Commerce, Defense,
Homeland Security, OFAC, Census Bureau, UK/EU, & U.S. Trade

September 14th, 15th & 16th, 2016

**VENUE: Dallas-Fort Worth Marriott South
4151 Centrepoint Blvd.
Fort Worth, TX 76155**

The seventh Annual “Partnering for Compliance™” West will focus on a broad spectrum of export/import regulatory and compliance matters of current relevance to companies and individuals involved in global trading.

Whilst we cater to all businesses, we place special emphasis on Small-to-Medium Businesses (SMBs) and veteran-owned businesses which rarely have the opportunity to gain first-hand knowledge from the experts. Please help us to ensure your SMB contractors, suppliers, and clients have the opportunity to register for this ‘one-stop-shop’ program.

Our objective is to expand your knowledge and awareness of the requirements needed to adhere to US export/import control regulations, thus helping to ensure your success as a global trader. Speakers will endeavor to provide updates on US Government initiatives & policies re export control licensing/enforcement to the best of their ability.

To maintain the informal, cordial, respectful and interactive nature of our program and to give our participants the most beneficial experience possible, we operate a transparent and equitable reservation policy strictly limited to the first 200 paid registrants on a first-registered, first-paid basis. NOTE: All speakers have agreed, time permitting, to speak informally on a ‘one-to-one’ basis with participants. In an effort to facilitate as many participants as possible, we ask you kindly not to monopolize our speakers.

Our programs do not divide into individual workshops/break-out sessions on any topic(s) with the exception of the after-hours ITAR and EAR workshop for SMBs and novices at the end of Days 1 & 2. Our reason, based upon our research, is that our SMBs - our target audience - benefit most from having access to all the sessions to assist them to have a more comprehensive understanding of the regulations to help them succeed. The President’s Export Control Reform Initiative will further complicate matters. China’s rapid expansion into developing regions, TPP agreement and the emergence of the BRICS countries as major global players have, and will, make our access to global markets more complex. US exporters labor under regulatory burdens that may be disadvantageous vis-à-vis our global competitors; therefore, our solid up-to-date training from the experts will help you greatly to succeed.

Our interactive, collegial, and partnering program will enhance your knowledge base, hopefully increase return on investment, and help maintain your employers’ compliance to become more competitive in the merging global markets. We urge you to have your questions prepared in advance. Answers will be forthcoming. Ample time has been set aside for the much-requested and valued Q & A sessions. An array of eminently-qualified senior experts from the Government and the private sector has been brought together to assist you and to partner with you.

An official Certificate of Completion outlining our 4.5 IIEI CEUs and 20 CES NCBFAA Credits for 3-day Exports program, **and** 6.5 CCS NCBFAA Credits for 1-day Customs/Import Boot Camp program will be presented to all participants. **CLE CREDITS:** Accreditation may be sought by registrants in their jurisdictions.
